

## It's 1949 at Schoolstraat 6

### **(The Pedigree behind the Pedigree of 'MIX' 1e Samdpr 2018 Soetdoring Loft, South Africa)**

Researched and written by Thomas Smit, Racing Pigeon Journalist

The detailed Pedigree of 'MIX' contains a complete **Genetic Profile** of most of the **REFERENCE Birds** that represent the **Soetdoring loft Foundation stock**. **It's Researched from 1949 to demonstrate the Strength of the Orig. Ace Pigeons!**

#### **Introduction (The Passion)**

**When we have a passion for life we do not just live it.** Applied to pigeon racing, if you are just a little ambitious, there is no other sport on this planet that takes possession of our hearts and minds with such intensity as breeding the ultimate pigeon racing machine. And when nature becomes tactically good to you, in blessing your choice of prime racing pigeon stock, it's consequential that the world press is going to jam on your cell-phone. That is exactly what happened to a very skilful South African pigeon fancier, the late Gigi Gaddin, when his Chequered Pied hen 'MIX', collected **\$200,000** for her **Break-A-Way** win in the SA Million Dollar Pigeon Race, known as the Tour De France of Pigeon Racing. And the whole world knows she Auctioned to an ambitious Mike Ganus in the US for **ZAR1, 150 000.00 (\$94 728.17)** - **the most expensive SA Bird ever sold and the 2<sup>nd</sup> most expensive SAMDPR winner** next to the wonderful pigeon, 'Laura', that won the SAMDPR winner for Ganus in 2016. Pigeon racing is a passion, we feel it, but the pedigree of 'MIX' shows we must also 'think' it! Best still, you should also own some – and live the dream, it's a journey, and a success story one should follow!

**"You need a Special Pigeon"** these were the words of the exact same **Mr Mike Ganus, collector of SAMDPR Winners**, when he explained his approach to his choice of breeders for the SAMDPR when measuring the SA climatic conditions and the demands of the race. In fact Mr Ganus owns one bird that bred two SAMDPR winners! As a result, we have it accurately researched – **One-Day Loft Pigeon Races, but more specifically the SAMDPR, produce that special pigeon!** Likewise, the under-bidders that chased after buying 'MIX' came from the same school of thought

**After Winning 16 One Day Loft Races** with several 2<sup>nd</sup>, 3<sup>rd</sup> and Ace bird accolades, the late Mr Gigi Gaddin also knew you need a special pigeon! And that is what I saw at his beautiful racing pigeon complex on his Nylstroom farm

– special pigeons! That is why I researched them and wrote the pedigree of 'MIX' and predicted on Social Media she will auction for more than a Million!

### **The Pedigree of 'MIX' - Gr.Gr.Dam on her Dam side ZA NRU 2078-12**

**\*Zander\* Azurit\* Zorro\* King\* Raubritter\*Bjarne\* Den Dromer\* Kannibaal\***

### **Let's Journey together, to see how it all began!**

Let me provide a little background, I was born in 1955, my Dad and I always kept pigeons casually – a MIX of all sorts. As a schoolboy in 1968, I officially received my first imported racing pigeon as a gift from Mr Jan Donk, a Dutch fancier living in South Africa. He told me it's a **pigeon of the strain of the Janssens Bros.** Now let's go a little back in time and pay them a visit!

**Its 1949 and we are now at Schoolstraat 6, Arendonk-** Belgian Province of Antwerp, the Town size is only 55.38 km<sup>2</sup>, but it is known World-wide!

**'Vos van 49' x 'Viteske van 46'** we are outside the loft next to the pear tree and we are just looking at this wonderful pair of Janssens Pigeons. They produced **'De Bange of 51'** that produced **'De Bange of 59'**. A Dght of **'De Bange of 59'** was mated to the **'Oude Fabry 60'**. This mating produced **'Oude Witoger'** & the **'Zus Oude Witoger'** / The **'Zus Oude Witoger'** was mated to **'Stier van 55'** (a Br of **'De Bange of 59'**) this mating produced **'De Donkere Stier'** who is mated to **'Kleintje – 65'** (another Dght of **'De Bange of 59'**) and this mating produced the famous **'De Merckx of 67' B 67-6282031**

**Dght of 'De Merckx 67' 'Goei Duifke 72' (Belg 6112590-72)** this wonderful Hen is strong in the Pedigree of **'MIX'** as you will later see! She is bred from **'De Jonge Merckx'** B70-6243257 (Of **'De Merckx 67'** x **'Geschelpte Roodoog'**) when mated to **'De Licht Van 67'** B67-5222263 (off **B62-6747269 X B63-6510701 'Dght vd Stier'**) Now please follow this closely **'Goei Duifke 72'** was mated back then with two different Cocks: With **'Late Blauwe Geeloger'** B79-

6752141 she Produced **'Gouden Duifje' B81-6116734** and mated to **'De Oude Raket v 73' B73-6276400** (her own Son) she produced **'De Jonge Raket' B76-6129297**

**'De Merckx 67' (21x 1e) B67-6282031**

**Three Important Gr.Sons of 'Goei Duifke 72'**

**'Raket van 84' B84-6726519** he was produced when **'De Jonge Raket'** (Inbred Son of **'Goei Duifke 72'**) was mated to **B82-6729646** (a Dght of **'De Witpen'** B77-6768058.) **'Zitter van 85' B85-105259** Top Racer/Breeder and its Brother **'De Beatrixdoffer' B88-2763998** (Class act Racer & Foundation breeder), they were bred when **'Gouden Duifje'** (Dght of **'Goei Duifke 72'**) was mated to **B78-1342748 ('DE 48')** of **'the Kanon Lijn'**. The offspring of these 3 Cocks were interchangeably used with each other's offspring & varied in matings with **'Golden Lady'** the Dght of **'Kannibaal'** which produced a new era for G & C Koopman.

**'Golden Lady'**

B96-6286060

**'Eric' NL88-4024619 & 'Sister Eric' NL88-4024671** is bred from the combination of **'Raket van 84'** with a **Van Loon hen B85-6294112**. Three years later **'Zitter van 85'** is also mated to a **Van Loon Hen B86-1998314** and they produced **'Moeder Gentil' NL 91-5112715**, which is then mated to **'Eric'** and they produced **'Gentil'**, who was mated to **'Golden Lady'** that produced the **'Kleine Dirk Dynasty': 'Kleine Dirk', 'Judy', 'Annelies' etc., / 'De Beatrixdoffer'** was also mated to **'Golden Lady'** that produced **'Noble Blue'**, who mated to its ½ Sist **'Annelies'** produced **Casina' NL03-1731624**.

**"Eric"**

**The Sequential Key Birds in our discussion are within the Pedigree of ZA NRU 2078-12 Gr. Gr.Dam of 'MIX' The Presence of the 'Kannibaal', Sire of Golden Lady' features 7 x in the Genetic Profile through the following Pigeons:**

'Zander' (6e SAMDPR Final), 'Malcolm' (Sire of Azurit'), 'Casina' (Double Gr.Dght 'Golden Lady') & 'Gazira' - It's known that 'Zander' is +-50% Van Loon, but not generally publicised that he has the 'Kannibaal' 3x in its pedigree & 'De Beatrixdoffer' 2x, 'Raket van 84' 2x & 'Zitter van 85' Once.

**These World Renowned Combinations** form the Foundation of the Loft of the Janssens Bros. And Van Loon via G. & C Koopman (with the abundant presence of 'Kannibaal') was beautifully injected with the **Fighting Spirit of Chris Hebberecht** and the **Den Dromer line**, twice through 'Bjarne' and then matched to the **All-Rounds of George Oswald & Wilhelm Stoll** and Once more injected with the **fighting Spirit of Super Crack (French) Crusson**, secured the **Ultimate Racing Machines – a Dynasty of Special Pigeons!**
