The past 50 years I have being involved with pigeons and rated as one of the best fanciers in Belgium. One only has to Google Michel De Becker and read for yourself on my various achievements.

When I immigrated to Somerset West, South Africa 7 years ago, as a pensioner, I brought with me 60 young birds from the best blood lines out of Belgium, Netherlands, France and Germany. In addition to this I bought the very best, from well known fanciers out of these regions, at top dollar prices to enhance my breeding stock.

Over the past 5 years of testing these lines I have managed, in just 3 years, to win more than R500 000 with but a few birds I entered into the Platinum Pigeon League Ring Race. Also a lot of money was won the Million Dollar, Victoria Falls and Allflight Carnival lofts with many club and federation wins as well.
