SYLT ORPHEUS - DV 0773-11-151 -
2nd Place South Africa Million Dollar Final Race

There were 3479 birds in the final race from 360 miles from 40 countries with tough weather conditions - high temperatures, high humidity and of course head winds. These are the conditions that separate true champions from the rest of the racers. My family and I were at that year's final race and we watched the winners return under these tough conditions. When SYLT ORPHEUS arrived to the loft he was dancing on the roof, showing his strength and vitality.

At the auction the next morning I was very interested in handling SYLT ORPHEUS after the performance that he put on the morning before. When handling him I was so impressed with his strength and quality he left such an impression - I would not forget it. I was outbid at the auction but I never forgot SYLT ORPHEUS. Then when I had the opportunity to purchase him later I was not going to miss him again. SYLT ORPHEUS is a super pigeon.

NL 1231153-12 - UNTAMED DESERT. Winning 1st Place South Africa Million Dollar Race 2012. There were two birds that arrived together - UNTAMED DESERT along with SAID IN SPUN SILVER (DV 1219-12-0029). These two winning birds won over \$345,000 USD. They raced against 2,793 birds from 593 km with temperatures over 98 degrees and 100% humidity in the #1 pigeon race in the world.

UNTAMED DESERT also won:
89th Place 344 km 3,290 bds Car Race #4
57th Place 380 km 2,960 bds Car Race #5

We all send out our very best breeders and none of us have bred a bird as good as UNTAMED DESERT or SAID IN SPUN SILVER. It is not easy when you're racing against the best birds from 40 different countries all being taken care of equally. If you believe in race results like I do then how could there be better birds than the ones that 1st and 2nd place in the #1 race in the world? Warmer skies from 370 miles with light head winds the quality will rise to the top. Now breeding here at Ganus Family Loft.
