

ADDITIONAL INFORMATION – “SON MIRAGE” ZA14 08859

SIRE “MIRAGE” ZA12 46064

ADDITIONAL INFORMATION – “SON MIRAGE” ZA14 08859

“MIRAGE” recently sold on Top pigeon Auction for R69,000

I gave him the name “Mirage” the day he won our Club, Union and Combine handsdown. e was a super racer but really make a big impact in the breeding loft of Johan & Mark King where he produce a number of big winners at the highest level.

Some achievements of Mirage the Super breeder as per Mark King

“Mirage” was a 3 x winner, he also won the Union by 3min & 30 seconds. He is also a Gauteng Combine winner & super breeder. One of our best ever. Son of the great hen “Golden TT” half-brother to “Concorde” SANPO gold medal winner 2015 for Alwyn Bester, he was sold by Top pigeons for a whopping R 138 k. Sire to 2 union & 1 combine winners. Sire to 2 turbo race winners at Dinokeng lofts. Sire to “03000/16” Union winner and our best old bird in 2018. His daughter “00301/15” won 2nd combine – 642km. Another daughter “6049/15” won Leeu Gamka 997 km in 2018. “34801/17” was another very good consistent racer out of “Mirage”. His son “35083/17” flew 2x 2nd, also bred a winner in his first year in the race loft. His Granddaughter won the whole Cape Town truck in Cape Town for Salie Davids in 2019. The same hen also flew a 2nd Federation 2 weeks later. Grandsire to “27557/17” silver medal short distance as well as 3rd best bird Pretoria combine 2019. Grandsire to Joe Gomez “4273/18” who was leading the best young birds in the Union before he got lost. He is also Grandsire to “4362/18” who won the GPU from a very hard Middleburg 2019. He is also Grandsire to the Gauteng combine car winner in PTA for Chris Strydom.

“Son Mirage” ZA14 08859

His a beautiful cock to handle bred some good one's on the middle to long distance unfortunately we did not bred a lot of babies from him due all the other stock in most cases we bred 2 – 4 babies per pair in a year except form our click pairs. However I am confident that he will bred super pigeons like his sire as they come from a winning genetic pool that produce winner over the last 20 years in many lofts throughout South-Africa
