This cock is bred from Mike Ganus SUPER SAMDPR genetic's that currently dominates pigeon racing in all ODL around the world. You will find Mike Ganus name at the top of the Scoreboard in most of the ODL final race results. One then may ask but what is his secret and why is he so successful to always be up in the top? The answer quite simple if you followed what Mike did in recent years, he buys only the best such as the final race winner and Ace birds of most ODL race lofts around the world and then follow a well planned breeding formula to create even better and more ODL final race winners.

What I personally like of Mike Ganus is that his a hands on professional pigeon breeders and although his extremely successfull, he always have time to chat with any pigeon fanciers. By entering his birds in the ODL races he open and oppertunity for us to aquire some of the best worldclass genetic's money can buy a a fraction of what he originally paid for the originals. Today Mike Ganus birds are a brand name that raise above all the strains in the mordern racing era. His bird perform under all conditionsirrespective whether its a short and fast race or a long and difficult hard race.

On offer a cock bred out of Ganus best winning genetics' Such as "**SUN CITY**" the great breeder of 2 SAMDPR winners "**RUBBELLOS - DV 016966-11-222**" and "**LAURA IS A BIG WINNER TODAY - AU GFL 267-15**", the only pigeon in the world that could achieve such a remarkable breeding performance in the history of the SAMDPR.
