

DIEPLAAGTE *Loft*

Heart of the Bushveld

083 271 2615 • DIEPLAAGTELOFTS@GMAIL.COM

Dieplaagte Pigeons Stud is named after our family farm “Dieplaagte” in the Thabazimbi area. We started four years ago by obtaining the best one day loft genetics available especially one day loft ace birds. We only keep ten breeding pairs. Our birds originated from Soetdoring lofts; Out of Africa; Ganus JJJ as well as Stratus Loft. In 2016 we send a small group of birds to Dinokeng One day loft. A bird with the name “Champ” did very well for us although she was out for two races (in the sickbay). Equal winner (walked in second) from Bloemfontein. She finished 17th grand averages. Very proud of her.

Then in 2019 we enrolled again a small team of birds at Carnival Winter 2019.

Three of our birds did very well for us. We had the second best middle distance average bird and he was also an equal winner from De Wetsdorp, our second bird flew 8th final race (a very though final velocity 700 meter per minute). In 2020 at Carnival Summer one day loft we had four birds entered with our partner Stratus Loft, we achieved a lot of positions under the 20th position in most of the races. Dieplaagte stud/Stratus Loft achieved the 1st position final at Carnival Summer with a grizzle hen named Flash, she won by 1 hour and 40 minutes and was also the ace pigeon by 200 meter per minute. As the potential buyer can see we tried to keep quality and not quantity. This was a great achievement by Flash.

We give all the glory to our Lord and Saviour Jesus Christ.

Thanks

Dieplaagte Team – Flip and Chris Badenhorst
