* Belg 4302271-12 - SCORPION. Bred for the longer distance races - with the genetic package that has produced foundation breeders time and time again. SCORPION's father is a full brother to CHAMPION (Belg 4094638-01) - winner of 2nd National Ace Long Distance All Belgium. SCORPION's mother is a daughter of AXL (Belg 4135895-03) who was 1st National Ace Long Distance All Belgium.

* SCORPION is one of those special handling pigeons where the quality is dominantly shown when handled along with that clever look and rich dark red eyes. He has been mated with a different hen four years in a row and has produced top race birds in several one loft races.

* Here are just a few top prizes won with children of SCORPION:
* 5th Place Final Race = 1st 300 miles Breeders Fall Classic One Loft Race
* 4th Place Final Race = 1st 357 miles Spring Break One Loft Race
* 3rd Champion Pigeon - Spring Break One Loft Races
SCORPION was bred for the distance and passes these long distance genes to his offspring - consistency and endurance for top results during young bird racing from 200 to 400 miles. The distance when racing really means something.
