 HILLCREST MILOS**

SEX: UNKNOWN
 COLOR: Light Chequer
 17th Place HS 5

Bred from 2 birds who's pedigrees are dominated by European National Winners, large races with large birdages. Check the parent's pedigrees closely as you will see the quality this bird contains, proven racers and proven breeders.

The Sire is "Essex Pathfinder" bred by Paul Smith UK shipper to the MDP, bloodlines of "Spartacus" 1st National Flying Club, the G-sire is a full brother to "Fontwell Foxtrot Romeo" a super racer in the Million Dollar series and sire to many many more winners in one loft races all around the world. On both sides of the sires pedigree we have the famous "Tips" and "Che" X "Tara".

The dam to this bird is a granddaughter of the famous "Milos" he himself won a National and is also sire and grandsire to other National winners, forget club and federation we are talking 1st against the whole competing country, can you get more proven. On her sires side we also have "Messi" himself a double National winner. Bear in mind that The wonderpigeon "Milos" is now 20 years old and although you will get descendants they may not be as close as this. I think that this will be a fantastic addition to any loft, full of proven European National winners.

Verweij-De-Han recently had a sale on Pipa, a son of Milos sold for 8000 Euro, very sought after bloodline, also note Milos is now 18 so will not be around much longer.

**2019 GB19N10948
 ESSEX PATHFINDER**

Purchased following the 2020 Million Dollar race, not only did this bird show consistency throughout the series, but possesses some of the very best bloodlines from the Crammond and Langstaff partnership. On the sires side not only is he inbred to "SPARTACUS" a 1st national winner, but also contains the same blood as "FONTWELL FOXTROT ROMEO" who is breeding fantastic one loft racers. On the dams side we see bloodlines from Crehan and O'Connor, Hans & Evert Eijerkamp, and birds which are very carefully bred around "DRUM" and the world famous "TIPS" and "CHE".

 MISS MILOS**

"MISS MILOS"
 This hen was bred by Team Eriksson of Denmark, and purchased following the 2020 MDP, she finished 165th in the grand averages, and 418th in the final, she was clocked in every single flight and as the series progressed she really started to improve. Not only is she a superb handler and consistent racer in her own right, but both parents are direct from Comb Verweij de Haan, owners and breeders of the famous "MILOS"

The sire is "MESSI JUNIOR" a son of "MESSI" when he was paired to his own mother "OLYMPIC HEINTJE"; "MESSI" was 1st National 3151 birds, 1st National 2366 birds, and 2nd National 7655 birds, 12th National 10,331 birds. What a racer!!!
 The dam to "MISS MILOS" is a direct daughter from "MILOS" when he was paired back to one of his own daughters. The dam to the daughter he was paired to is "BOLLEJTE" a 1st National winner from Bergerac 6462 birds. "MILOS" himself was 1st National 1862 birds, and not only is he a national winner but he is breeding National winners. To date he is the sire of 1st National, 2 X 2nd Nationals, 4th National, 8th National, 2 X 9th National and a 1st National ace bird.
 Can you get better than a national winner that breeds national winners?
