This cock is certainly made up and backed by a performance family of pigeons. Sire was 5th SAMDPR Final with only 17 day birds and Granddam and Grandsire on the Dams side are proven breeders over and over in many lofts all over South Africa.

5th SAMDPR Final only 17 birds home on the day...tough race with heat and headwinds.

This cock has already produced some exceptional offspring including "GTOWN" 2nd GRAND Aves before the final SAMDPR

A superb young hen, who I have no doubt is going to produce the goods in our stock loft. Her nestmate brother "Red Producer" has been retained in our stock loft aswell.
