

GvW Denmark

In search for the very best pigeon strain in the whole world, our eyes felt on the fantastic fancier Gaston van de Wouwer from Berlaar in Belgium. The legendary 'De Kaasboer' (bred by the late Jozef Goovaerts) has been the alfa and the omega for Gaston Van De Wouwer - a true gentleman in the pigeon sport of today. With these fantastic pigeons and his 'fanciers feeling' he has achieved amazing results the last 10 years - based on this extraordinary foundation cock 'De Kaasboer'. That's why we decided to base our breeding loft on this family - that's why we decided to create GvW Denmark! All pigeons on our loft have 'De Kaasboer' blood in their veins.

Two years of breeding with few, but strong selected pigeons - already 10 x 1. prizes (w.o. doubles in average 500 pigeons)

Gaston

B 10-6031830
