 NAME: Farm Faster

 This hen is probably the best bred pigeon I have ever owned!! How often do you find 3 different International winners as grandparents???
 Her sire is GB14N88862, he is a direct son of two international winners. He is bred from Farmer George X Wollongong, Farmer George was 1st International Bordeaux (516 miles) 10,611 birds, he won the international by a staggering 63 minutes. The actual convoy was over 22,000 birds and he was 47 minutes in front of the second timed bird. In the same race he was 1st Section, 1st open British International Championship Club. Wollongong his Dam was also 1st International, she won 1st International Pau (561) miles 8,576 birds, she too won 1st West Section, 1st open British International Club.
