DNA Certificate

Accordant International Pigeon Panel by ISAG

Certificate issued on October 01, 2020 in Moen, Belgium
Certificate updated October 01, 2020

The authenticity and updates of this certificate can be verified on "http://www.pigen.be"
This certificate¹ ensures parentage authenticity of pigeon BE19-4207287.

Ruben Lanckriet

Pascal Lanneau

¹ This certificate is issued based on tests performed on DNA samples to PiGen by accredited veterinarians and/or FCI officials appointed by the persons that confirmed, on the date of DNA sampling, to be the respective owners of the pigeons with the ringnumbers mentioned in this certificate.

² DNA testing is done according to internationally agreed Pigeon Panel and recommendations by ISAG (International Society of Animal Genetics). The testing labs are certified according NEN-EN-ISO 9001. The probability of exclusion (PE) of this parentage verification is higher than 99,9%.

³ LDHA or lactate dehydrogenase gene is a scientific validated quality gene for racing performance; the A allele is significant more present in top racing pigeons.

⁴ DRD4 or dopamine receptor 4 gene is a scientific validated quality gene for racing performance and an indicator for character traits; the CT variant is significant more present in ace birds.

Sister to super racers & breeders for Tom Van Gaver & Sam Bostoën

- *MOTHER IS 'ANGEL', ORIGINAL PAUL & NANCY BELLAERT TOP RACER*

DNA tests prove this pigeon is of the LDHA genotype A/B DRD4=CTCT

LDHA A/B or A/A: the A allele is significant more present in top racing pigeons.

DRD4 CT or TT: the CT variant is significant more present in acebirds.

AB CCTT & CTCT - AA CTCT are very unique; **occur less than 0,1% of all pigeons!**

100% Gino Clicque topper

Owned by Xue Leo

(Shanghai Hongda International Racing Pigeon Breeding Center China)

Winner of
