Special Note:

Bearing in mind that amongst 775 Birds at the time of the Main Auction not all the Gigi Gaddin birds could be DNA tested. It was safe to conclude that a 7 generational Confirmation of the DNA of 'Mix' indicated the thread of Integrity. Numerous Clients of high standing in SA breed from Soetdoring Stock without any available record about its immediate parents. The former Loft staff had no breeding information on some of the Gigi Gaddin 2017 babies. We all know it's about winning genes & not only the Pedigree. Kind Regards, Thomas Smit.
