

Zibi – ZA OP 5391 '23

The SuperCrack line of birds crossed with the very best of Joop Knoop – Isabella line (Ace Pigeon Fancier – Western Cape – no longer racing and has retired).

SuperCrack meets Isabella

Bred off direct son SuperCrack when mated to a line bred Isabella. The SuperCrack/Isabella line are one of the dominant breeding lines in the ZAEP stud.

ZA NRHU 2516 '18 – this is Maximus

Maximus is bred off two families carrying winning genetics. His sire is **SuperCrack** – the number one breeder in the ZAEP stud and his dam is **0124**.

0124 was the only bird on the day SWPC (2000 plus birds on a tough 800km race).

SuperCrack is responsible for many winners including 4th best bird in the world and best bird South Africa – FCI rankings 2022.

Maximus and his brother Spartacus (now owned by Samuel Lofts) were racing machines – Maximus won a tough Springfontein race and was the best 3 year old in the ZAEP race loft before he was retired to stock.

ZA PPL 0606 '21

0606 was a very consistent racer and was 9th overall on the FBHU car averages in 2022. Her dam was bought off the Joop Knoop dispersal auction for R 60 000 and is known as Isabella 60k.

The sire to 0606 is Son Danny Boy. Danny Boy was one of Joop Knoop's best breeding cocks and a progenitor of generations of winners.

0606 carries the Isabella line – Son Danny Boy and the Isabella 60k hen are related.
