Purchased for stock from Willem Boshoff to cross into our own Koopman/Drum lines. We have had great success with children of Southfield Bonzo who is a great grandson of Drum, so when we saw this bird for sale also a great grandson of Drum, we thought it would be a great compliment to our existing gene pool

His sire is direct from son of Drum paired to Ronja a daughter of De Kannibaal

The Dam contains De Kannibaal lines and inbred Rambo, she is a granddaughter of Great Hope, Maxy, and Lady Kannibaal, some of the best bloodlines of C & G Koopman
