

ZA FB 00241 '24

Blended genetics from multiple winning families including SuperCrack and the famous Danny Boy line of famous Cape Ace Fancier Joop Knoop. Danny Boy (a Wegge Janssen) is responsible for the Isabella line of winning genetics within the ZAEP Stud.

PICTURE NOT AVAILABLE

SIRE ZA 299999 '20 Son Danny Boy

This cock is bred directly off Danny Boy when crossed with a super hen 119.

119 won the SWPC on two occasions (vs approximately 2000p) and was also best velocity vs 9494 birds. Beating the next bird by at least 15 minutes on a joint liberation race.

119 also carries the Wegge Janssen lines. 299999 has bred some of the best distance birds in the ZAEP race team.

DAM ZA FB-YB 07132 '20

07132 was taken out of the race loft and sold to a fancier as a very young bird – she was subsequently bought back and is now in the ZAEP Stud. This bird is bred off the very best genetics of the ZAEP progenitor – SuperCrack crossed with the best of Joop Knoop and the late Dickie Pretorius.

GRANDSIRE

ZA WYN 4363 '07 – Danny Boy

Bred and owned by Ace Pigeon fancier Joop Knoop – a Wegge Janssen cock who was one of Joop's best breeders.

GRANDAM

ZA SPHU 119 '19

SUMMARY

SUMMARY

Wegge line continued....07132 + 6192

It contains the blood lines of the Wegge Janssens imported by Joop Knoop (Joop got these Wegge's from his father in the 1970's) which became his foundation pigeons. These Wegge Janssens were crossed (in the 1990's) with the "39" foundation birds of Dickie and immediately produced exceptional results. One of the main Wegge/39 was the Isabella hen.

Isabella (NRHU 6192) was seven times - ((1,3,3,17,39,46 and 47) top 50 WCPTA which includes being 3rd on two occasions. She is a gold medal winner long distance. Her sire is Danny Boy and her dam is "106" – from the click "39" pair - Powell Putteries of Dickie.

Danny boy is the grandsire to 1625 and the sire to 299999.
