**\*Ace of Aces\*.**

In life the question that arises at times is **how do you measure success.**

**What is success** is the counter question.

Then you have incidents that **success is just totally visible.**

If one has to follow pigeon racing you would find a fancier that has succeeded above the rest.

In Pigeon racing the accolade of the **Ace Pigeon** in the season is an extremely **honorable achievement.**

Then **to duplicate the achievement** in a season at different lofts is **admirable** but to do it in **multiple lofts in a season** is just **the Ultimate highest honour.**

At Diaz1loft we invited all South African **oneloft Ace fanciers** to compete in an **\*Aces of Aces competition.\***

The birds were subjected to 10 grueling consecutive races.

**The Fancier that triumphed was no other than the \*Legendary Master Fancier Mr Butch Einkamerer from Loft Einkamerer.\* What an accolade.**

If you take a look **at his past achievements** and in particular his **Ace bird achievements** over the past 5 years it is nothing but **spectacular**. His **level of flying** and his **consistency** in achieving the results has made **Butch Einkamerer a world class Fancier**.

It is **absolute fitting to \*crown\* him as the \*Ace of Aces champion in 2025.\***

Besides all his previous years consistant Ace bird achievements his **\*2025 achievements were and are just admirably spectacular\***

Please see list of achievements attached.

Normally a fancier is pretty successfull in his or her enviroment but of late the real One loft specialists are achieving great results away from home to.

That is **the real One loft Specialist of which \*Loft Einkamerer is arguably the countries best\*** taking his achievements into consideration.

Wether **in the North or in the South East or West. At sea level or in the highveld** this man has achieved and still is achieving.

**Peruse his achievements** and no doubt he will **definitely deserve the praise**.

Well done Oom Butch.
