Proven Dream is an absolute beaut. Medium to large size cock with a stunning pearl eye. Chicks with a young Roland hen purchased from Schmidt and Boswer side. His first baby was a winner with the other 3 sister hens all scoring in top 10 positions. This cock is 100% De Raw Sablon and uncle to Monster cock 5 X winner for Egbert O Kelly from DOA.

Small compact hen excellent in hand. This hen has a frame to die for and she carries it over to her off spring. 2018 I mated her to a DRS cock. All 4 babies scored in the top ten with the only cock out of the 4 winning Hoopstad 2 with 3 on the drop to take 2nd, 3rd and 4th union. This is only the second hen that I ever owned to have all off spring in one year taking top ten positions. One of my best.

Alias "Bak 17"

Strain: Bak 17/Tom Lock

Color: Blue Bar

Medium size cock. Bak 17. Perfect in hand. He has got all the qualities that are required in a good racing pigeon. He also has a superimposed pearl eye sign. The eye sign is recessive and not dominant. This for 5 Star means he does not produce babies with pearl eyes. A bit sad but on the other hand he is not shy of producing winners. All his off spring when mated to a hen bought directly
