Riaan Beneke line
Proven long distance genetics

Dam: Sion Puttrie

Riaan Beneke line
Proven long distance genetics

ADDITIONAL INFORMATION

Sire (ZA NRHU-19-3634) was bred from a co-breeding done between Enrico & Morne Parkin. This pair was strategically mated as the 2 pigeons' mothers are cousins. It was perfect line breeding while at the same time it was 2 winners mated together. Winners of 2 of the most classic races on the program.
The sire, Morne Parkin's Kimberley Cock is a top breeding cock. Proven Long Distance Genetics.
